

## NASCAR Technical Institute Open House

Saturday, March 10, 2012

9:00 am to 2:00 pm

220 Byers Creek Rd., Mooresville, NC 28117

For the fourth year we return to the NASCAR Technical Institute to display our cars for their open house. This is a non-judged casual event but wash 'em anyway. There is always a lot of interest in our cars by the future mechanics attending this event.

Plan to arrive prior to 8:30 am so that we can be lined up by 9:00. Most if not all of the cars can be parked inside. Drive around the end to the back of the building and enter through the garage door. Lunch is provided by the Institute. Bring a chair.
