

St. Patrick's Day Parade

Saturday, March 17, 2012

We are once again providing cars for Metrolina Beauty Queens in local parades. The first and arguably biggest is the St. Patrick's Day Parade down Tryon St. through the Square in uptown Charlotte. The parade is scheduled to go off at 11:00 am and will only take about 30 minutes over mostly level ground. Line-up will be 10:00 am at a location TBD, usually in front of the old Sears building. At press time we need only seven cars. At least four of these should be convertibles. After the parade we meet for lunch at TBD.
